

FEATURES & BENEFITS

- ✔ **Easy to operate**
- ✔ **Low noise level**
- ✔ **Automatic start/stop function**
- ✔ **Pre-wired with a 3-point plug**
- ✔ **Energy-efficient**
Up to 80% more energy savings compared to traditional pump systems
- ✔ **Restart delay**
An integral time delay for restart after 3 seconds protects the motor from heat build-up due to continuous on/off switching
- ✔ **Auto-rotation**
A built-in timer will automatically start the pump within a pre-selected cycle to rotate the bearings

- ✔ **Constant pressure**
A pressure transducer ensures that constant pressure is maintained even when multiple water outlets are used simultaneously
- ✔ **Class leading efficiency**
The unit has the following integrated functions for protection from:
 - Dry run
 - Over-current
 - Over/under voltage
 - Overload
 - Abnormal Pressure
